

# PLATFORM CAPITAL

**PLATFORM**  
CAPITAL

Powering Growth Through  
Smart, Sustainable Energy

**Partnerships**

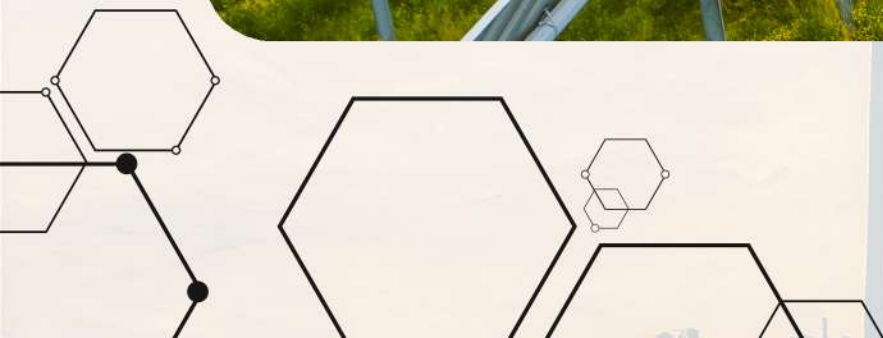

We connect the right projects with the right capital, and manage it to success.

# The Mission

Delivering 24/7 Green Energy for Businesses, Industries, and Estates

**Platform Capital partners with global financiers, OEMs, and engineering firms** to provide holistic, sustainable, and cost-effective power solutions that guarantee reliable electricity, enabling growth and operational stability

# Platform Capital's **Role**

**PLATFORM**  
CAPITAL

## Screen Viable Projects

Identify credible clients and energy needs.

## Manage the Projects Lifecycle

Coordinate procurement, installation, and execution.

## Advise & Support Financiers

Recommend strong projects and help de-risk them.

## Ensure Value for Both Sides

- Protect investor capital
- Ensure client ROI and repayment
- Guarantee solutions meet actual needs

**Outcome: Both client and financier are aligned, protected, and profitable.**

**PLATFORM**  
CAPITAL

# Fully Funded Power Solution

For companies already in operation with  
ongoing cash flows and financial statements

# 100% Funded

## Complete Power Solution

**PLATFORM**  
CAPITAL

01

### Finance

Project fully funded by international financial institutions – zero upfront cost for you.

02

### Procurement

We source top-tier energy equipment tailored to your power needs – no logistics burden on you.

03

### Installation

Expert teams handle setup and integration – fast, seamless, and professionally executed.

04

### Reliable Power

Enjoy uninterrupted, clean energy – fully operational from day one, with long-term support.

# The **Value** We Deliver

## 01. Cheaper Power Costs

Slash your energy bills with efficient, affordable power solutions designed to save you money every month.

## 02. Guaranteed Savings

Enjoy predictable, reliable savings backed by proven performance and trusted partners.

## 04. Reduced CO2

Cut your carbon footprint with clean, sustainable energy that helps protect the planet.

## 03. No CAPEX Required

Get the full power solution installed with zero upfront investment – pay only for what you use.

We offer 3 types of contractual solutions to our clients tailored to their specific needs

**Contractual  
Solution 01**

## **Power Purchase Agreement**

PPAs are typically 10 to 20 years and energy is paid for per kWh |  
Asset transfer after PPA tenure | | Ideal for clients who want pure RE  
or hybrid solutions i.e. RE + Thermal solutions

## Contractual Solution 02

# Operating Lease to Own

Operating Leases are typically 7 to 15 years. A fixed monthly/quarterly fee is paid over contract tenure | Asset transfer after

O.L. tenure | Ideal for clients who want hybrid solutions | Ideal for RE solutions + BESS and or Thermal

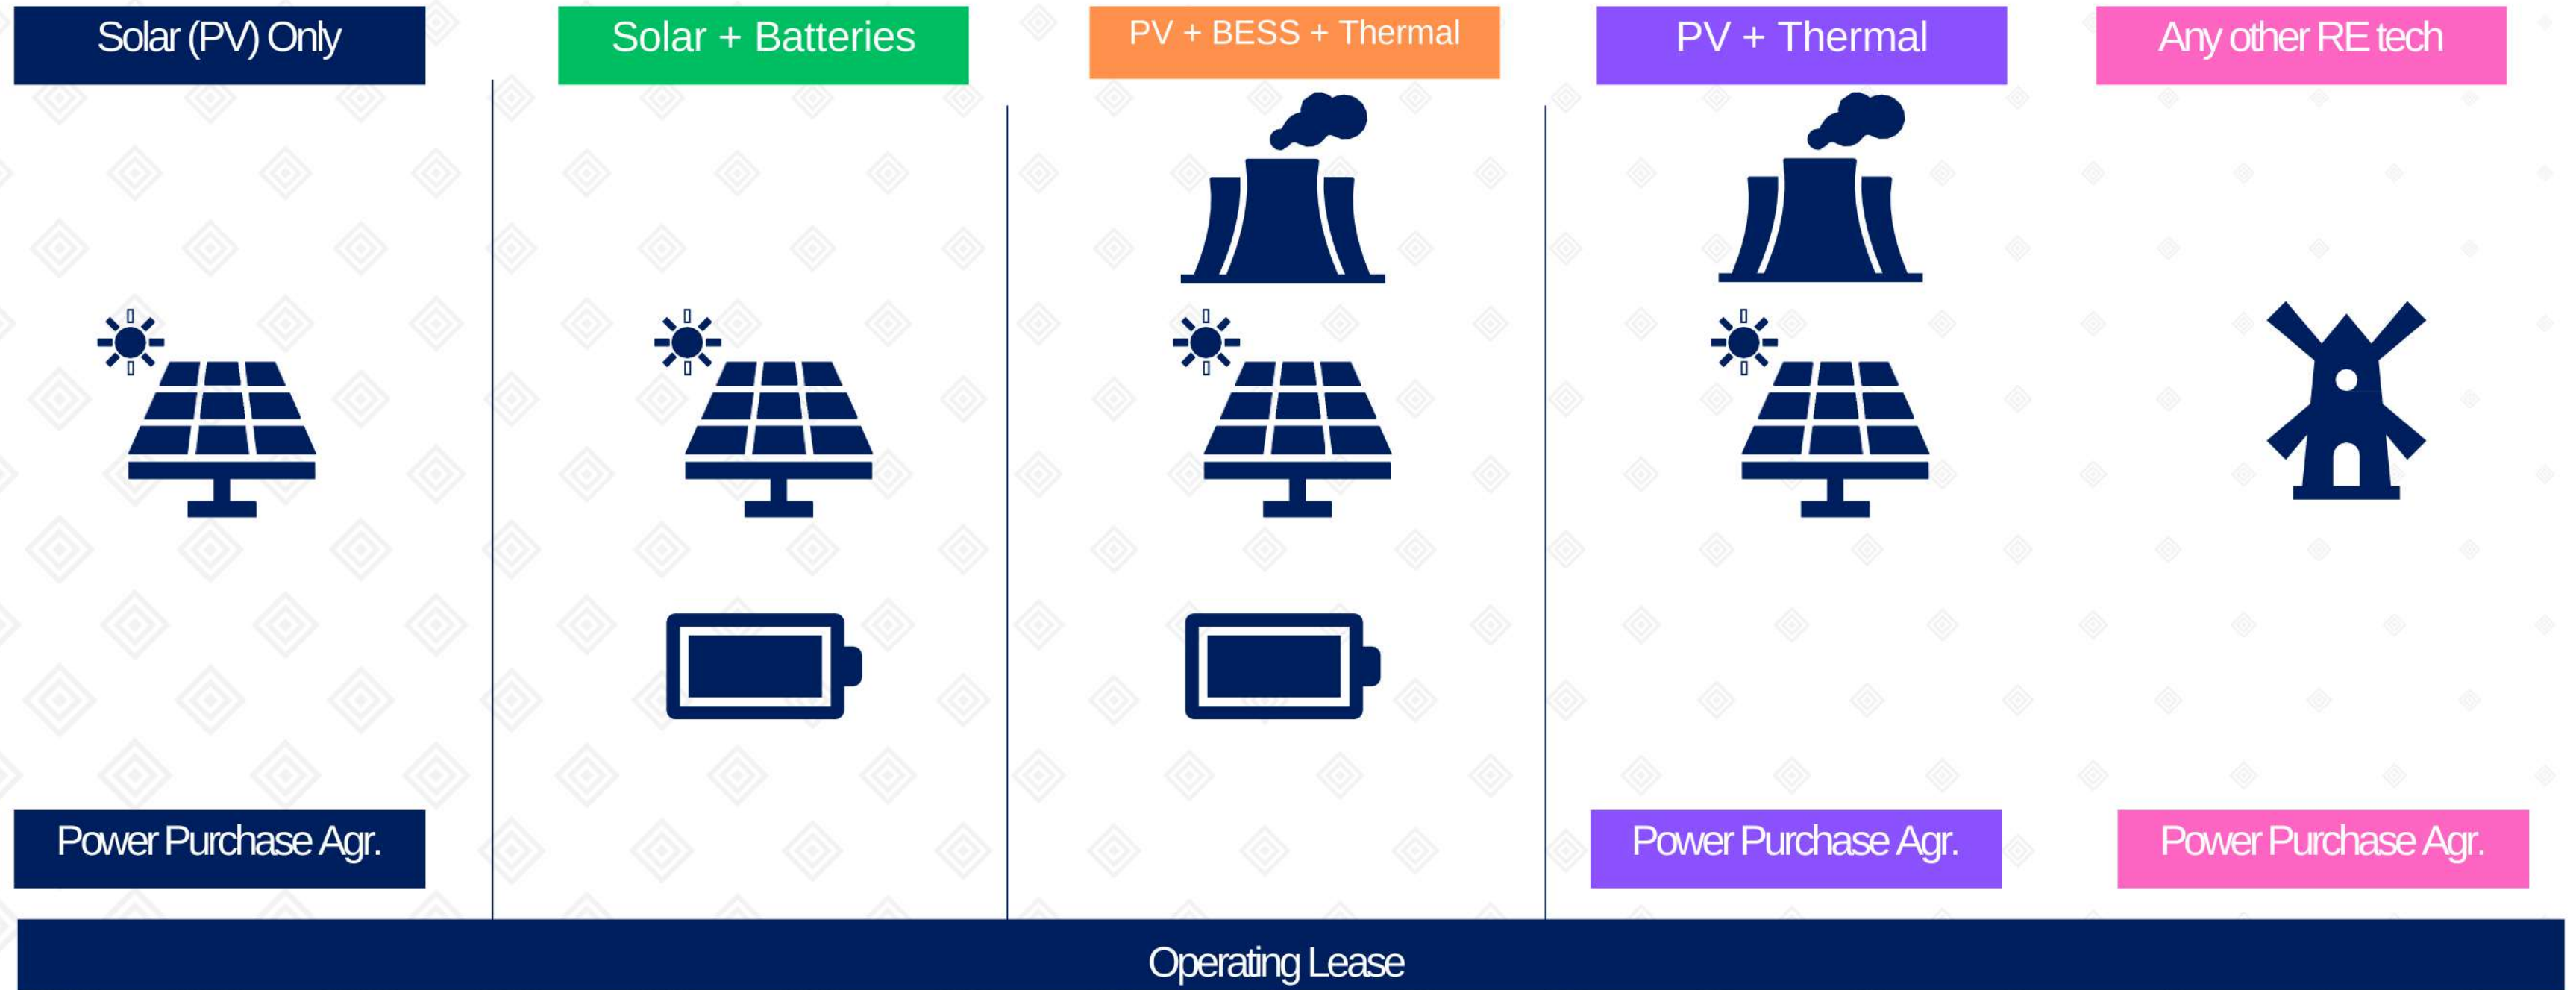

**Contractual  
Solution 03**

**Finance Lease to Own**

Financing Leases are typically 3 to 5 years. A fixed monthly/quarterly fee is paid over contract tenure | Asset transfer after

F.L. tenure | Ideal for clients who want to own the asset outright but would like to stagger the CAPEX outlay

# We **finance** PV, PV + BESS, PV + BESS + Thermal Solutions and any other Renewable Energy (RE) solution freeing our clients from CAPEX requirements

## Built on Experience, Backed by Results

This isn't theory, it's a track record.  
We've delivered real solutions that cut costs, increase efficiency, and unlock operational growth for companies across sectors.

**Note: This is a budget-friendly alternative to the Grid electricity.**

Presented By

**Platform Capital**

# Powering Progress Across Africa

This is one of our bold, innovative solutions, built to power industries, empower economies, and move the continent forward.

## Conclusion

**Proven Expertise. Powerful Impact.**

### ✓ Proven Expertise

Platform Capital brings deep experience in deploying energy solutions both in Nigeria and globally

### ✓ Powerful Impact

Partnering with leading financiers, OEMs, and engineering teams to deliver scalable, sustainable, and cost-effective power systems.
